Graphical analysis of spine.

On Anatomy you can analyse two organs.

Click the first icon on the main menu „Areas / Graphics“.

The screenshot shows the GSD-Radionik (R) V7.0 software interface. The top menu bar includes options like 'Core data', 'Analysis/Select', 'Treatment', 'Analysis-Hist.', 'Treatment-Hist.', 'Databases', 'Category', 'Appointments', 'Admin', 'Progress', 'ERT', 'PicView', 'Anatomy', 'Surroundings', and 'Aura'. The main toolbar contains icons for 'Patient', 'General', 'Action', 'Areas / Graphics', 'Potencies', 'Re-analysis', 'Sections', 'Graphics', 'Bioenergetic', and 'Pic-Analysis'. The search area is active, showing 'Word resonance test' with a search box and filters for 'all', 'curr.', 'Comment', and 'Dat'. The 'Data base' is set to 'Bach Flowers'. The search results are displayed in two panes. The left pane shows 38 entries, and the right pane shows 3 entries with a table of results.
